E-Series E-Pulse™, Electric Wrench Pumps

ENERPAC ?

▼ EP3504TE, E-Pulse Torque Wrench Pump

Performance

- Two-stage pump with high by-pass pressure: 3,6 l/min at 200 bar, 0,52 l/min at 700 bar
- Smart controls enable motor to maintain constant power across the pressure range
- 24VDC power regulator minimizes effects of poor power supply
- Six-piston block design provides even flow for smooth operation of cylinder or tool.

Durability

- · Durable aluminium housing
- · Integrated heat exchanger minimizes heat buildup
- High-efficiency permanent magnet, direct drive motor enables continuous use and long service life
- . Built-in thermal protection
- IP Rating: IP54 on the pump, IP67 on the pendant.

Convenience

- · Integrated calibrated pressure gauge
- Interactive pendant with smart controls
- · Pendant and cord management system
- Intelligent Auto-Cycle enables press and release actuation to cycle torque wrench until final torque is achieved
- . User can set pressure and operate in manual or auto-cycle mode
- . Convenient oil fill port, oil level indicator and automatic breather.

Productivity through innovation

A comprehensive on-line software solutions for Bolted Joint Integrity. The software offers Tool selection, Bolt Load calculations and Tool pressure settings, as well as, a combined Application Data Sheet and Joint Completion Report. Custom Joint

Torque Wrenches

information can also be entered.

The following torque wrenches are ideal for use with the E-Pulse Wrench Pumps:

 S-Series
 W-Series
 RSL-Series

 S1500X
 W2000X
 RSL1500

 S3000X
 W4000X
 RSL3000

 S6000X
 W8000X
 RSL5000

Larger torque wrenches will work with the pump, but application speed will be impacted.

Torque Wrench Hoses

Use Enerpac 700 bar THQ-700 Series torque wrench hoses with torque wrenches and pumps

2 m long, 2 hoses	THQ-702T
6 m long, 2 hoses	THQ-706T
12 m long, 2 hoses	THQ-712T

E-Pulse™, **Electric Torque Wrench Pumps**

E-Pulse Torque Wrench Pumps The Enerpac E-Pulse Electric Torque Wrench Pump, through its innovative design, is ideal for high volume fastening applications where weight is a critical factor. Smart controls enable the motor to maintain constant power providing higher flow than traditional pumps.

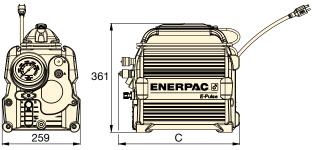

The durable aluminum housing, integrated heat exchanger and highly efficient permanent magnet motor minimize heat buildup in the toughest environments. The interactive pendant provides the operator a number of usage options for optimal efficiency. The E-Pulse Torque Wrench Pump is the pinnacle of bolting equipment.

Interactive Torque Wrench Pendant

- User can set pressure and operate in manual or auto-cycle mode
- Intelligent Auto-Cycle enables press and release actuation to cycle torque wrench until final torque is achieved
