Two Hose Umbilical Reeler

This Pneumatically driven reeler has been designed & manufactured by Trident Australia at our Canning Vale facility. The reeler has 2 off 1/4" hoses 240m with a SWP of 5,000psi.

The hoses are bonded together and spooled onto a small SS316 reeler with live centres, pneumatic brake and a mechanical drum lock. The unit is supplied with a 4 leg lifting bridal and is tested to Australian Marine 32 lifting standards.
